

DOWNTOWN CARLETON PLACE!

SHOP. DINE. PLAY.

DINING & SHOPPING GUIDE

visit.carletonplace.ca

THANK YOU FOR SHOPPING LOCAL

Experience the Best Small Town in the Ottawa Area for 2024, Carleton Place! Our vibrant downtown beckons with small-town charm and allure. Stroll down Bridge Street, lined with unique boutiques, galleries, breweries, cafés, award-winning restaurants and more! Immerse yourself in the local culture and explore the town's rich history and natural beauty.

ON THE RIVER

Discover the wonders of the Mississippi River, which flows through the heart of our community and can be enjoyed in our downtown parks, trails, and heritage core. At Town Hall Square you can play a game of life sized chess and enjoy the waterfalls, or on the north side of the river, pay tribute to local hero, World War One Flying Ace Cpt. A. Roy Brown. Our Central Bridge offers an amazing vantage point for views of the river in both directions and is a great place to take some photos.

ON THE TRAILS

Cycle or walk along the 61 km stretch of the old rail bed that runs through Lanark County on the Ottawa Valley Recreational Trail (OVRT). The trail runs through the east side of our downtown and provides easy access to the Market Square, home of our Saturday Farmers' Market, Sunday's The Best Market, as well as Carleton Junction, and lots of retail shops and services!

ON BRIDGE STREET

Spend a day partaking in a little retail therapy at one of our many unique specialty and clothing shops. Explore the storefronts, keep your eye open for murals, and learn about some of the heritage downtown architecture while you are here! Self-guided historical walking tours are available at the Information Centre, 170 Bridge Street.

TO SIP & SAVOUR

Treat your taste buds to the flavors of Carleton Place. Meet up with friends at one of our local craft breweries, or swing by a cozy café for a freshly brewed cup of coffee. Indulge in a diverse array of culinary delights at our award-winning local restaurants. With plenty of amazing patios to choose from, you can savour the flavours while soaking up the town's enchanting atmosphere.

AT CARLETON JUNCTION

Take a tour of the Canadian Cooperative Woolgrowers' facilities in the south side of downtown and see the original Canadian Pacific Railway railway tracks at Carleton Junction. Families can enjoy a peaceful afternoon at the Junction, where kids can play on the pump track and train-themed play structure. This is also where the Ottawa Valley Recreational Trail and Trans Canada Trail converge.
